PROFESSIONAL PROFILE

Dedicated IT professional and final-year Networks & Systems Administration student with over 5 years of hands-on experience managing complex IT infrastructure. Proven expertise spanning physical LAN/WLAN deployments, Linux server administration, and cloud-based application hosting. Adept at bridging the gap between technical execution and organizational leadership to deliver secure, highly available network environments.

TECHNICAL & SYSTEMS PROFICIENCY

Systems & Linux Admin: Linux (Ubuntu/Debian, CLI, Package Management, Display Servers), Windows Server, Active Directory.

Networking & Infra: CCNA principles, LAN/WLAN Design, Cisco Packet Tracer, ISP Management, Firewall Configuration.

Cloud & Development: GitHub, Vercel, Render, HTML, PHP, MySQL, Python.

Hardware & Support: PC/Server Diagnostics, CCTV Installation, IT Helpdesk.

PROFESSIONAL EXPERIENCE

Freelance Network Administrator & Installer

Jul 2023 – Present

Independent Contracting, Kampala

- Manage and operate an independent business dedicated to the physical installation, configuration, and maintenance of commercial and residential Wi-Fi hotspots.
- Handle end-to-end network deployments, from sourcing hardware and managing ISP connections to configuring access points and ensuring optimal network performance for clients.

Lab Technician, Teacher & System Administrator

Feb 2021 – Jun 2023

Bugema Adventist Secondary School, Kampala

- Architected and deployed campus-wide Wi-Fi hotspots, integrating services from major ISPs (including Starlink and Liquid Intelligent Technologies) to ensure 99% network uptime.
- Administered robust IT infrastructure, enforcing network security through firewall configurations, malware protection, and Active Directory group policy deployments.
- Maintained and optimized institutional database systems and Linux-based servers, utilizing advanced package management and terminal operations for system updates and monitoring.
- Instructed comprehensive computer practicals and supervised lab sessions, translating complex hardware and software concepts for student comprehension.

Lab Technician

Jan 2018 – Dec 2020

Bugema University, Kampala

- Managed daily operations of university computing facilities, enforcing hardware maintenance schedules and data backup protocols.
- Diagnosed and resolved complex hardware and network connectivity issues, actively monitoring traffic to prevent malware infections and network bottlenecks.

IT Support Technician Assistant

Feb 2017 – Dec 2017

Bugema University, Kampala

- Provided comprehensive technical support to students and staff via phone, email, and in-person consultations.
- Performed diagnostic tests and troubleshooting to identify and resolve hardware and software issues.

EDUCATION

- **Bachelor's Degree in Networks & Systems Administration** – *Bugema University, Kampala* (Expected 2026)
- **Diploma in Information Technology** – *Bugema University, Kampala* (2020)
- **Advanced Level (High School)** – *Katikamu SDA* (2016)
- **Ordinary Level (High School)** – *Katikamu SDA* (2016)

LEADERSHIP & EXTRACURRICULAR

- **Guild Vice President** – *Bugema University* (2025 – 2026): Directed student governance initiatives, acted as a liaison between the student body and university administration, and managed execution of campus-wide programs.
- **President, Science Club** – *Katikamu SDA* (2015 – 2016)

CERTIFICATIONS & LANGUAGES

- **Certifications:** CISCO CCNA, PC Essentials, Graphic Design, Cyber Security, PC Repair. (*In Progress: CompTIA A+, CCNP*)
- **Languages:** Fluent in English, Kiswahili, Luganda, Lukonzo. Conversational in French.
